

2026 MIKA Supplemental Regulations BULLETIN 2026-02

SUBJECT: Rotax Mini Max Spec Gearing for MIKA Events

EFFECTIVE DATE: April 26, 2026

RMC Technical Regulation - 6.22 Sprockets / Gearing

For Canada: In the Mini MAX class, the series or event Supplementary regulations, may decide to replace the 80 tooth rear sprocket with a 73 tooth rear sprocket to be used by all competitors.

The rear sprocket may be from a different brand but must comply with the Rotax template.

- ROTAX MINI MAX - For all MIKA Club Events the Spec Gear for Mini Max is 13 - 73.
